Used Technologies: HTML ,CSS, JAVASCRIPT ,Git,Github.

· Using real time Api integration and also jquery functionalities.

· Responsive Design

.Call the fetch api then getting the json data from the backend server. Converting data into javascript objects .gettind data into Ux interface.

5. Music player:

Used Technologies: HTML ,CSS, JAVASCRIPT ,Git,Github.

· Using without Api calls

.create the static javascript data from the local machine

.Getting the data from the script.js file

.And also Html ,Javascript Audio controls functionalities.

6.Static web site projects:

 1.Cofffe Shop Web site

2.Home loan project

3.iBomma web site

4. product cards

5.lobe Shop project

6.amazon static website

7. random user Api

8. Book my show static Home Page.

Certifications

➢ Frontend Development Internship - Cognify Technologies

➢ Frontend Development Internship – Saiket Systems Innovate.Elevate.Excel.

Achievement

● Frontend Development Html Certificate From Great Learning Academy.
● Frontend Development Css Certificate From Great Learning Academy.
● Frontend Development Javascript Certificate From Great Learning Academy.
● Web Development For Beginners. Certificate From Simplilearn Skill Up.

Soft Skills

➢ Strong problem-solving skills,

➢ Team player with good communication

➢ Eager to learn and adapt quickly

STRENGTHS:

➢ Hardworking,

➢ Self Motivated,

➢ Discipline,

➢ Self learning

➢ Performing Well.

DECLARATION:

I hereby inform that the above information is true to the best of my knowledge and belief. I am also confident towards my ability to work in a team.

Place: Hyderabad .
